This agreement, made and entered into, by and between the Board of Education of Unified School District No. 326, Logan, Kansas, and the members of the recognized teacher negotiating unit, represented by Logan Teachers Association, on this **13th** day of **May, 2024**. Now, therefore, the parties hereunto agree as follows:

ARTICLE I DEFINITIONS

When used in this agreement, the following terms will have the following meanings:

1. The board of education or board: The Board of Education of Unified School
a. District No. 326, Logan, Kansas.
2. The association: The Board shall recognize the Logan Teachers' Association as the bargaining agent for the teachers of the district. All items for negotiations shall be carried out between the Logan Teacher's Association and its elected representative (s) and between the Board of Education of USD 326 and its elected or appointed representatives.
3. Teacher: Unless otherwise indicated, the term "teacher," "teachers" or "professional employee" when used hereafter in this agreement shall refer to all professional employees represented by the Logan Teachers Association.
4. Starting the 2024-2025 school year, the base will be \$37,050.00 and all teachers will receive a \$1,200.00 raise.
5. McRel will continue to be used in evaluations.
6. Each certified employee will work 3 designated extra duty jobs. If they choose to work more than that, that is their priority. Any person not doing this could result in a fine.
7. School: Shall mean any attendance facility or other facility operated by the board of education.

ARTICLE II SALARY AND FRINGE BENEFITS

1. The school district will maintain a "125 Salary Reduction Plan" which will allow each qualified participant to choose from a menu of qualified benefits with the employee costs paid on a pre-tax basis. Benefits, which can be selected but are not limited to, include:
1) child care, 2) pre-paid medical, 3) cancer insurance, 4) life insurance, 5) salary protection insurance, 6) health insurance.
2. The Board of Education will pay 100% single health plan (Option 2) and 100% employee/child(ren) health plan (Option 2). The Board of Education will also pay 50% of the dental plan (Option 1). This amount will be negotiated each year.

3. An Advisory Insurance Committee will be formed consisting of two teachers, two board members, one non-voting administrator and one note taker.
4. Teachers shall receive lunch at no charge if they choose to eat in the lunchroom and assist in a supervisory position.
5. The district shall implement the supplemental salary schedule as negotiated (see page 14).
6. To encourage professional growth, payment of \$120.00 per semester hour, to a maximum of \$1,080.00 per year (September 1 thru August 31) will be paid for approved credit earned. Approved credit shall mean any one or more of the following:
 - a. Credit earned toward an advanced degree
 - b. Credit used for recertification
 - c. Credit used to gain additional certificate endorsements

The superintendent or his designee shall have the authority to grant or deny approval of credit.

7. To receive payment for and to make it possible to budget for payment of college hours, approval must be obtained prior to taking the courses. The teacher must be regularly employed in Unified School District No. 326, and will receive payment upon returning the following October.
8. To advance horizontally on the Hiring Schedule, all college hours between the B.S. and M.S. degrees must appear on an approved master's degree program or produce written confirmation that they can be used for certificate renewal. Professional development credits, which may be used toward re-certification, may also be used to advance horizontally on the Hiring Schedule. Twenty (20) credits have been determined to equal one (1) college hour. Once negotiations are complete and any adjustment to the base has been made, the district will make sure all current teachers are at or above the hiring schedule for all steps depending upon their years of experience and hours obtained.
9. A copy of each teacher's graduate program must be on file in the superintendent's office. If or when a part-time teacher is employed on a full-time basis, he or she shall be placed on the schedule based on a full-time equivalency. Contracts will be written based on the hours as of March 1 of each year. If teachers change steps during the summer, the contracts will be adjusted as of October 1. The October 1 adjustment will allow the teacher to move horizontally.
10. All teachers are to be present for in-service training, workshops and other professional meetings.
11. "The USD #326 board of education will compensate, upon requests, a licensed Jr/Sr high school teacher who uses his/her only planning period(s) or a licensed elementary teacher who uses her/his planning period(s) to cover another teacher's class. Teachers who request this compensation will need to submit a request under USD 326 Substitute Log

on Google Docs. Compensation will be made the month following the coverage, and will be based on the accumulative time spent substituting at the rate of substitute teacher pay.” “A licensed high school teacher who teaches a class during a scheduled planning period for a full year will be paid an additional one seventh (1/7) of his/her contracted salary. Should the teacher begin after the school year has begun, the salary will be prorated accordingly. Should the teacher lose less than the 5 planning periods per week, the salary will be prorated accordingly. The number of planning periods lost out of 5 would be a decision made each year by the administration and the teacher involved. (example—If a teacher uses his/her planning period for instruction 3 out of 5 days each week, their reimbursement would be (3/5) of 1/7) of his/her base salary.) Compensation for the extra class will be paid monthly as part of the teacher’s regular monthly paycheck.

The decision of the superintendent shall be reduced to writing within five school days of the Level Two hearing and a copy shall be provided to the grievant and a copy to the Board of Education.

PAYMENT OF SALARIES

Teachers shall receive their salaries in twelve (12) equal payments. Teachers who submit their request, in writing before April 1, may receive their summer checks in one (1) lump sum after the June board meeting.

ARTICLE VIII
REDUCTION IN FORCE

As a result of authority granted to the board of education by the Kansas Constitution and Kansas statutes, the board has the responsibility of determining composition of the professional staff necessary to implement and maintain educational programs of the district. From time to time, as the result of decreasing enrollment, limited financial resources, changes in educational programs, or other circumstances, it may be necessary to reduce the number of professional employees employed by the school district. A decision to reduce professional staff will, in all cases, remain within the sole discretion and judgment of the board. The board may retain any professional employee who it deems necessary to staff all programs of the district including curricular, co-curricular, and extra-curricular programs of the district. It is the policy of USD #326 to use normal attrition of staff, i.e. resignations, retirements, as the first means of achieving a reduction in professional staff. However, in certain cases normal attrition may not be sufficient to achieve the necessary reduction of professional staff. In the event that further reduction of professional staff is necessary, it shall be accomplished in a fair and orderly manner as provided in this policy.

1. *Definitions* – As used in this policy, the following terms will have the following meanings:
 - A. “Professional employee” shall mean any employee of the school district who is regularly assigned, on a part-time or full-time basis, to the teaching staff of the district in a position which requires a license issued by the Kansas State Department of Education, but shall not include administrators or classified employees;
 - B. “Non-tenured professional employee” shall mean a professional who has been employed with the district for less than three (3) full, consecutive years;
 - C. “Tenured professional employee” shall mean a professional employee who has been employed with the district for four (4) or more full, consecutive years;
 - D. “Seniority” shall mean the period of most recent continuous and uninterrupted employment with the district, as determined from the effective date of employment; and
 - E. “Subject area or areas” shall mean general curricular areas such as mathematics, English, foreign languages, social studies, etc.

2. Procedure –

A. Whenever the superintendent of schools determines that a necessary reduction or professional staff will not be accomplished through normal attrition of staff, all professional employees of the district will be advised of the reasons for the reduction of professional staff and will be informed of the procedures and considerations to be used in determining reductions. The superintendent will review all relevant facts and circumstances and will recommend to the board those professional employees who should be reduced.

B. In determining which professional employees shall be recommended to be reduced, the superintendent shall give consideration to all of the following factors not listed in priority order:

I. Seniority;

II. Teaching experience in specific subject matter areas;

III. Areas of License;

IV. Advanced degrees and additional credit hours as reflected by the professional employee's placement on the salary schedule; and

V. Professional educational performance as determined from Professional employee evaluations.

After considering the above-mentioned factors, the superintendent of schools shall make his recommendations for reduction of professional staff based on what he considers to be in the best interests of the school district and the students of the district.

C. For purposes of considering a reduction of professional staff, all professional employees of the district will be assigned to either the elementary level (pre-kindergarten through fourth), Jr. High level (fifth through eighth) or the high school level (ninth grade through twelfth grade). Those professional employees in the secondary level will be further assigned to a subject area.

D. After determining which level or levels require a reduction of professional staff, the superintendent will then consider professional employees for lay-off in the following sequence:

I. Non-tenured professional employees;

II. Tenured part-time professional employees who decline an Offer of full-time employment; and

III. Tenured full-time professional employees.

Any tenured part-time professional employee, who is being considered for lay-off, will be offered full-time employment with the district if a position exists that is currently being filled by a non-tenured teacher. If such tenured part-time professional employee accepts an offer of full-time employment, he/she will be placed in the category of tenured full-time professional employee.

E. At the time reduction recommendations are made to the board for reduction of professional employees, the superintendent of schools will present data to the board in support of his recommendations. If a recommendation is based on factors other than seniority, the superintendent will provide the board, in writing, with reasons for her/his recommendations.
